

Johari A. Barnes

Candidate for NADE Vice-President

Director of Student Services and Retention Initiatives
Community College of Baltimore County
Baltimore, Maryland

Vision: “Colleges and universities are not on target to meet the Completion goals set by the Obama Administration in 2011. As the number of students that need developmental education to prepare for general education courses increases, NADE must be out in front in recommending and encouraging methods that will better prepare students to complete successfully developmental education courses. Encouraging institutions to reexamine developmental education needs, responses to these needs, and the creation or reevaluation of developmental education courses, must be the focus for the coming five years. As Vice-President of NADE, I would use my position to help share the goals of NADE in my local chapter as well as around the nation.”
